

NOTE !

Stations of MH's cannot be changed  
 MH-1 & MH-3 elevations are fixed  
 MH-2 elevation may change  
 Pipe may go above or below cable,  
 but minimum grade must be observed  
 and minimum clearance must be maintained.

1. What is the station of MH-2 ?  
 Station = \_\_\_\_\_
  
2. What are the inverts of MH-2 for the sewer line as designed ?  
 Invert IN = \_\_\_\_\_  
 Invert OUT = \_\_\_\_\_
  
3. Should the sewer pipe redesign go above or below the cable ? Why ?
  
4. What are the inverts of MH-2 for the redesign that works ?  
 Invert IN = \_\_\_\_\_  
 Invert OUT = \_\_\_\_\_
